**Notes:** HT Stellar 3245 is a CAB qualified potential heifer bull. He has the Stellar look: moderate-framed, deep-ribbed, thick throughout and fleshy. His 15% CED, BW and CEM suggest that he would work well for heifers. In addition his growth profile 15% WW and 20% YW, combined with his 25% MW and 15% MH and 10% \$W and 15% \$F suggests he will provide some growth punch as well. He has excellent feet with 10% Claw and Angle. His actual PAP is 46.
